February 2008

The Garden of Honor at Sherwood Memorial Park was created to pay tribute to those who served our country in the military. It has a lighted flagpole with a beautiful circular flower garden at its base. Surrounding the garden is a path that contains engraved granite pavers giving recognition to those who served. Two benches complete the garden and offer a place to sit and reflect.

Recently the Sherwood Memorial Park Committee voted to offer engraved Garden of Honor pavers at a reduced price of \$50 for those who served or are serving in the military. The cost for an engraved 4" X 8" paver will remain at \$75 for placement in the other gardens. Pavers are installed twice a year, before Memorial Day in the Spring and Veterans Day in the Fall.

To order your 4" x 8" personalized paver, complete this form. There is room for up to 3 lines of copy, 14 characters per line, a ♥ or † symbol can be used as one character, punctuation and spaces should be counted as characters. Please fill out donor information on other side.
